The smart way to connect

Introducing world-class internet for your home!

Hi!

Thank you for your time and interest in super-fast internet for your home with Telkom Mobile LTE!! Long-term Evolution (LTE) is super-fast Internet turning your home into a Wi-Fi hotspot. That means downloading, uploading, streaming & gaming at record speeds. Because it's a mobile solution you don't need an ADSL line, only a SIM card.

Comparing LTE, ADSL and Fibre

	ADSL	LTE	Fibre
Device required?	Yes	Yes	Yes
Mobile solution?	No	Yes	No
Voice and ADSL live required?	Yes	No	Yes
Sim card required?	No	Yes	No
Speed?	Fast	Faster	Fastest

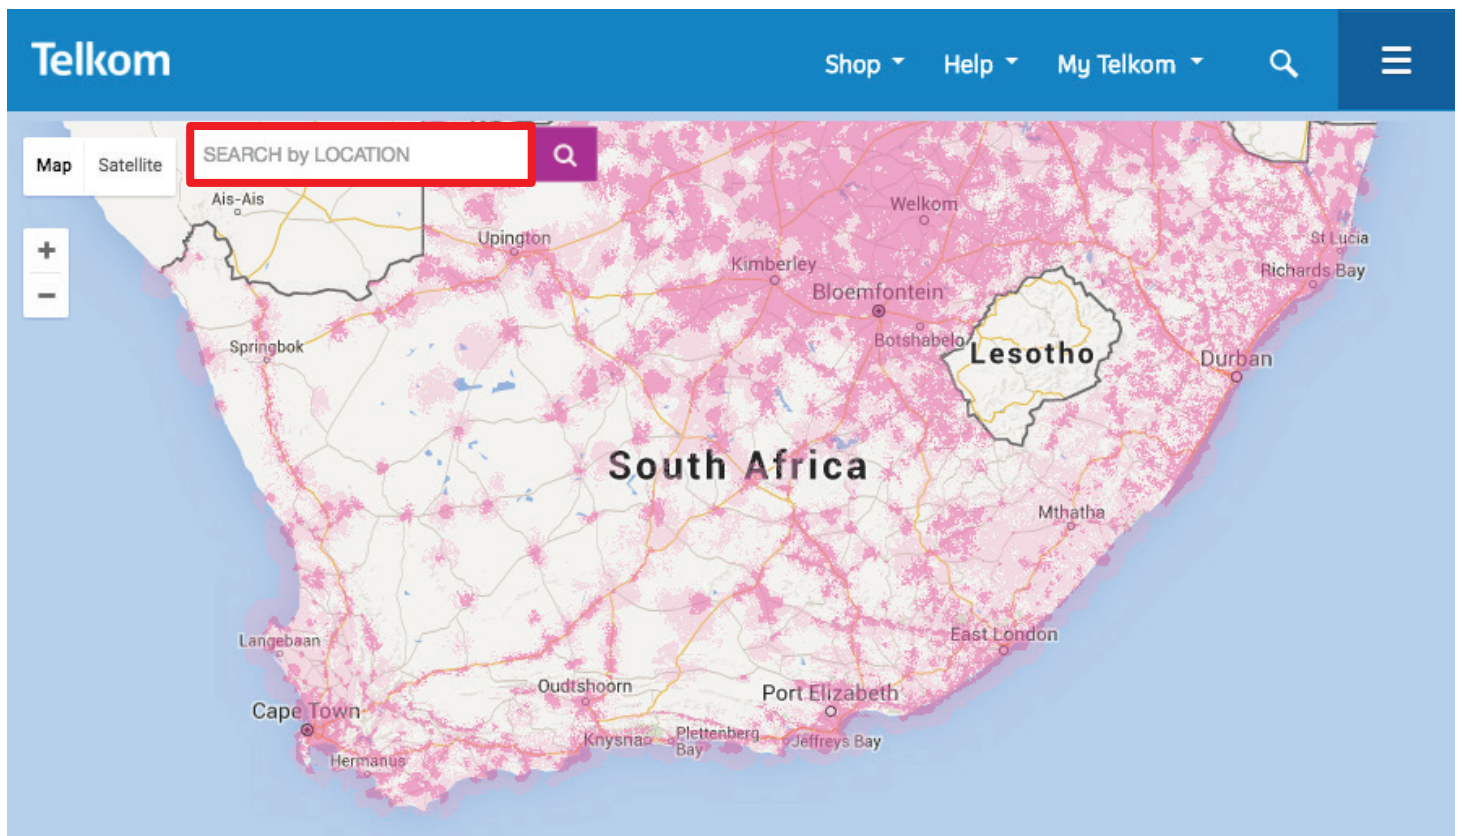

Check out our latest Telkom Mobile LTE hot deal!
